## REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Our objective is for all students to have a positive experience and to become excited about learning as a result of having attended Georgetown Middle School. We want our students to be equipped with the essential tools to establish and maintain healthy and responsible relationships, enhance their self-confidence, and develop positive attitudes toward learning, toward the adults in their lives, and toward life in general.

The faculty at Georgetown Middle School has a strong commitment to high achievement and excellence. We have developed a unity of purpose among parents, community, faculty, and staff as we set common goals, make important decisions, and work together to achieve these school goals.

It is our belief that all members of the community must be life-long learners in order for the community to remain healthy and continue growing. All children can learn. They will rise to the level that teachers and parents expect them to; therefore, children are our number-one priority. Students are encouraged to reach their highest potential. We have high expectations for all of our students, regardless of their current achievement levels or any learning challenges they may have. We strive to develop independent, critical thinkers who possess a love of learning and display positive character traits of good citizenship.

Our goal is to be able to report that 100% of our students are prepared for academic success. By the time our students complete their eighth-grade year, we aim for them to be academically and socially ready to move on to the high school level, where they can continue to develop as academic achievers and responsible and productive citizens.

Being involved in the Making Middle Grades Work Program, the GMS faculty has seen much professional growth over the last school year. Working together, planning and assessing student progress, implementing writing across the curriculum, placing more emphasis on reading, and making better use of analyzing test data, our teachers have become stronger educators. Our students have benefitted from quality professional development our teachers have received throughout the course of implementing MMGW.

Athletics and extracurricular activities play an important role in our students' lives. Students have the opportunity to participate in a variety of sports. They are offered football, basketball, baseball, softball, soccer, golf, cheerleading, track, wrestling, and volleyball. Students are also able to participate in a number of clubs that GMS offers: Archery, Student Council, Chess, South Carolina Wildlife Management, Spanish, Art, Black History, Drama, Green Thumb, Newsletter, Book Club, Cheer and Pep, Dance, Cooking, and Yearbook.

Our emphasis will continue to be to focus on nonfiction writing in all academic areas, to provide more time for reading, to continue to provide student incentives for high academic achievement, and to provide additional staff development on test data analysis and best teaching practices. We will continue in our mission to provide our students with opportunities to be successful and responsible in an ever-changing society. Rosemary Gray, Principal
